

— AMPLIFIER HEALTH

Imagine a technology that could
touch *every human on the planet* and
make their life better.

IT ALREADY EXISTS. EVERYONE ALREADY HAS ONE.

THE VOICE IS THE VITAL SIGN

01 / 04

Amplifier

A M P L I F I E R H E A L T H

The human voice, made a *vital sign*.

We measure how you speak, not what you say. Acoustics carry physiology. Physiology is measurable.

- amplifierhealth.com

A Large Acoustic Model at the frontier of foundation model generative AI.

A comprehensive evaluation of a human being from 15 seconds of speech.
No blood. No cuff. No wearable. No clinic.
